# A rock-solid financial future begins right here.

To plan for a successful retirement, start by putting your goals in writing. Sounds obvious—and yet even sophisticated investors don't follow this simple step. Our FREE guide can help. Read it for a fresh perspective, share with your advisor, or ask us for a complimentary audit of your current financial plan. Your guide includes:

- Why most investors are less successful than they could be.
- A costly surprise, if you retire at 62 and don't plan ahead.
- The best time to buy long term care insurance (and how to know if you need it).
- How to apply Warren Buffett's strategy in your own portfolio.
- Three questions to ask any potential financial advisor before you hire them.

“How to Secure Your Own Future in Good Times or Bad” is brought to you by Infinity Financial Services... an independent financial planning firm focused on the Bay Area. To get your free copy call ((phone)) or request it at ((web)).
